

## Wedding Testimonial

Our daughter was married on December 12, 2020 in the midst of the COVID-19 pandemic. We had been planning the wedding for close to a year and everything kept changing – the date, the venue, the caterer, etc. Finally, we made the last minute decision to hold the reception in our back yard under a tent. At that point we turned to the MGCC catering staff to make our dream a reality.

Boris and Abbey jumped right in and assured us that we could create a menu that set the right tone and accommodate a wide variety of tastes. They worked closely with our wedding planner to make sure the food and decorations were coordinated. They worked out a plan to have the event progress through the house from drinks and appetizers ending up in the tent for a grand dinner.

Everything about the evening was spectacular. The food was superb and the service was excellent. Having the food truck in the driveway turned out to be a great decision. Everything was served piping hot from the Maryland crab soup to the main course. The staff was plentiful and attentive to the guests needs. The staff was conscientious about the COVID guidelines and did not let down their guard for a moment.

Abbey Fry is to be complimented for her outstanding work. She truly went above and beyond the role of a caterer. She coordinated everything with the wedding planner and was at our house daily the last week making sure that all the supplies were available for the big day. Since the wedding ceremony was in Baltimore, we were not even in our house for the 24 hours prior to the reception. We were nervous about what we would be walking into, but much to our delight everything was taken care of and the place looked great. We could not be more delighted with the success of the day!
